

## Government Reporting Made Easy

Streamline financial reporting to increase collaboration, efficiency, accuracy, and transparency.

State and local government teams are tasked with doing more with less.

Change in the number of budget analysts across state budget offices from 2008 to 2015<sup>1</sup>

Relying on manual processes can lead to errors that erode trust and damage reputations.

39%

Percentage of organizations saying they frequently find errors in spreadsheets<sup>2</sup>

\$494K

Budget gap that one sheriff blamed on errors due to cutting and pasting formulas from spreadsheets emailed between departments<sup>3</sup>

\$8MM

Amount omitted from a California county's annual financial forecast due to human error, turning a projected surplus into a deficit<sup>4</sup>

Three-fourths of state CIOs say their states are exploring innovating by outsourcing or using technology-as-a-service, where costs are operating expenses, not capital expenditures<sup>5</sup>

Prioritize collaboration and data management at scale.  
Look for solutions that let you:

Live-link collected data in complex relationships

Track the data back to a single source with a full audit trail

Allow for simultaneous editing, reviewing, and authoring

Enable controlled collaboration across teams

Provide an intuitive, easy-to-learn interface

Workiva makes financial reporting more efficient and reliable for government accounting and finance teams.

3,000+

public, private, nonprofit, and government organizations use Workiva to solve complex reporting challenges

“We saw increased efficiencies. Now that it's all linked, we feel comfortable that we have accurate, consistent information.”

—Rosalind Brooks-Harris, *Director of Finance, City of Rochester, New York*
