FORWARD-LOOKING STATEMENTS / DISCLAIMERS

Certain statements in this UN SDG Index are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934, as amended, and are subject to the safe harbor created thereby. Statements of aspiration, future events or conditions, including forward-looking statements are sometimes identified by terminology such as "may," "will," "could," "would," "should," "expect," "plan," "anticipate," "intend," "believe," "target" or other comparable terminology. Forward-looking statements in this document may include, but are not limited to: statements regarding our climate and other ESG-related goals, projects, plans, aspirations, commitments and strategies. By their nature, they are based on current plans, estimates and expectations that are subject to risks, uncertainties, and assumptions. As such, no guarantees or assurances are made that they will be achieved or successfully executed. Any forward-looking statements are made only as of the date hereof, and unless otherwise required by applicable law, Workiva disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

Note that many of the standards and metrics used in preparing this UN SDG Index continue to evolve and are based on management assumptions believed to be reasonable at the time of preparation, but should not be considered guarantees. In addition, historical, current and forward-looking sustainability-related statements were not prepared in accordance with U.S. generally accepted accounting principles (GAAP) and may be based on standards for measuring progress that are still developing, internal controls and processes that continue to evolve, and assumptions that are subject to change in the future. We have not obtained any third-party assurance for the data provided in this index. The information and opinions contained in this index are provided as of the date of this index and are subject to change without notice. Workiva does not undertake to update or revise any such statements. As Workiva's systems and sources of information evolve and improve, data presented in this index may be retroactively adjusted in future reports. This index covers activities between January 1st, 2022 and December 31st, 2022 unless otherwise noted.
